

السيد الاستاذ الدكتور / عصام مصطفى محمد وهبة

وكيل الكلية للدراسات العليا والبحوث

تحية طيبة وبعد،،،

الحاقاً للخطاب المرسل إلى سيادتكم بتاريخ 27/4/2022 بخصوص ما انتهت اليه اللجنة المشكلة من الكلية لوضع ضوابط النشر في المؤتمرات العلمية الدولية وقرار مجلس القسم المنعقد بتاريخ 26/4/2022 فيما يخص هذا

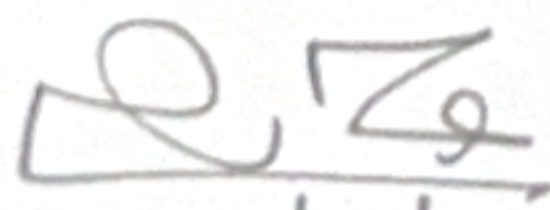

- مرفق طيه أسماء الجمعيات العلمية الدولية التي إقرها مجلس القسم في ما يخص مرحلة الدكتوراة .

القائم باعمال رئيس مجلس القسم

أ.د. عصام محمد مغازي

الجمعيات العلمية الدولية - قسم هندسة الري و الهيدروليكا

قيما يلي الجمعيات العلمية الدولية المعترف بالنشر فيها في ما يخص مرحلة الدكتوراة - قسم هندسة الري والهيدروليكا

#	Name	Site	Notes
1	International Association of Hydrological Sciences Includes: <ul style="list-style-type: none"> • ICCE, Continental Erosion • ICCLAS, Coupled-Land-Atmosphere systems • ICGW - Groundwater • ICRs - Remote sensing • ICSH - Statistical Hydrology • CSIH - Snow and Ice Hydrology • ICWS - Surface Water • ICT, Tracers • ICWQ - Water Quality • ICWRS - Water Resources systems 	https://iahs.info/	The IAHS community is more than 9,000 strong with members in over 150 countries contributing to the extensive program of conferences and workshops, online discussions and IAHS publications
2	International Association for Hydro-environment engineering and Research – IAHR Includes: <ul style="list-style-type: none"> • African Division (https://iahr.org/index/committe/82) • Asia and Pacific Div. (https://iahr.org/index/committe/83) • Europe Div. (https://iahr.org/index/committe/84) 	https://iahr.org/	Celebrated every two years, IAHR World Congresses are one of the most important activities of the association and attract more than a thousand participants from all over the world. The Congresses provide scientists, engineers, organizations, central and local authorities, companies, and young professionals early in their careers with a stimulating opportunity to meet, share and discuss recent advances and experiences, identify innovative and emerging trends in hydro-environmental science and engineering, and get inspired.
3	The American Society of Civil Engineers – ASCE Includes: <ul style="list-style-type: none"> • World Environmental and Water Resources Congress • Watershed Management Congress • Coastal Structures and Solutions to Coastal Disasters 	https://www.asce.org/	The American Society of Civil Engineers represents more than 150,000 members of the civil engineering profession in 177 countries. Founded in 1852, ASCE is the nation's oldest engineering society.

	<ul style="list-style-type: none"> Advances in Unsaturated Soil, Seepage, and Environmental Geotechnics 		
4	The American Society of Agricultural and Biological Engineers -ASABE	https://www.asabe.org/	The American Society of Agricultural and Biological Engineers is an educational and scientific organization dedicated to the advancement of engineering applicable to agricultural, food, and biological systems.
5	European Water resources Association - EWRA	https://www.ewra.net/	EWRA has been constituted as an international non-profit association aiming at enhancing cooperation and exchanges in research and application in the field of water resources.
6	Wessex Institute of Technology – WIT Includes: <ul style="list-style-type: none"> Waste Management and Environmental Impact Sustainable Development and planning Air and Water Pollution FRIAR 	https://www.wessex.ac.uk/	The overall aim of Wessex Institute is to develop a series of knowledge transfer mechanisms, particularly directed towards the exchange of information between academics and professional users within industry.
7	International Shared Aquifer Resources Management - ISARM	https://isarm.org/	The worldwide ISARM (International Shared Aquifer Resources Management) Initiative is an UNESCO and IAH led multi-agency effort aimed at improving the understanding of scientific, socio-economic, legal, institutional and environmental issues related to the management of transboundary aquifers.
8	International Water Association - IWA	https://iwa-network.org/	Drawing exceptional professionals from over 140 countries, the membership of the International Water Association (IWA) brings together scientists, researchers, technology companies, and water and wastewater utilities. Being the largest membership association in the global water sector the Association builds on a 70 years heritage of connecting water professionals and started official operations in 2000. The IWA is an international reference for the water and sanitation industry.
9	Mediterranean Coastal Foundation	https://www.medcoast.net/	MEDCOAST aims to contribute to coastal and marine conservation in the Mediterranean and the Black Sea, through improved coastal management practices. This goal is pursued by enhancing scientific and professional collaboration among individuals and institutes (networking) in the Mediterranean & Black Sea countries, or elsewhere
